"You May Be Wondering If You've Never Made A Single Dollar Online, Is This For You?"

Yes, The Home Business Summit is for **EVERYONE...** even if you've never made a **single dollar online.**

We will be covering basics, like:

- How to build an email list and turn it into a **non-stop ATM.**
- **The traffic & lead-generation secrets** of the super-rich.

- **How to CONVERT leads into buyers** and bring in consistent, recurring cash flow on auto-pilot.
- **Which products to promote** to maximize your commissions.
- **How to get your FIRST SALE online** (this is one of the best feelings in the world if you haven't experienced it).
- **How to automate your entire business**, so you can make MORE money in LESS time.
- **How to engineer your “dream life.”**
- **How to setup your business so you can travel** when & where you want to and have the time and freedom to enjoy your new-found income.
- **What terms like PPC, CPC, AVV, EPC, and SEO** stand for and (more importantly) how to employ the concepts behind them to make thousands of dollars per month.
- And more...

PLUS... a “secret weapon” that will allow you to start making \$10,000 a month online WITHOUT creating your own products, WITHOUT dealing with customers, and WITHOUT doing any selling.

This “secret weapon” involves getting other people to do most of the work and fulfilment for you... but you have to attend the event to find out what it is.

Half of what you've been told about making money online has been **flat-out WRONG** and has already set you up to fail.

There is a misconception that driving traffic alone will bring you “internet riches” beyond your wildest dreams.

There is a ***fatal flaw*** in this method... and those who follow it blindly will end up like the 97% of people who NEVER make any money online.

At **The Home Business Summit** you will learn the TRUTH ABOUT TRAFFIC and the “missing half” of the equation that separates the **Internet Millionaires** from the **Internet Failures**.

When this light bulb goes off in your head, you will have a true “aha” moment and things will instantly “click” into place. That missing piece of the puzzle that you've been grasping for will appear right in front of your eyes.

**You'll leave the event WITHOUT
confusion, WITHOUT wondering what to do
next, WITHOUT self-doubt...**

... and WITH the confidence of knowing exactly what you need to do to “flip on the switch” and start making **\$5,000 to \$10,000 every single month from home in your spare time.**

At **The Home Business Summit**, we will distil over 60,000 hours of knowledge into 3 days of simple how-to, step-by-step training.

We will take EVERYTHING we’ve learned over the years about what REALLY works when it comes to making **life-changing money** online and give you the “golden nuggets” you need to succeed.

You’ll learn the exact steps you need to take in order to get \$5,000 to \$10,000 coming into your bank account every single month.

When added up, that works out to **\$60,000 to \$120,000 per year!**

Imagine how that money would change your life...

You could...

- ... get out of debt
- ... pay off bills
- ... get a new car
- ... quit a dead-end job
- ... take your family on a much-needed vacation
- ... build a nest egg for retirement
- ... make long-term wealth-building investments
- ... buy nice things for yourself and your family
- ... hold your head up a bit higher around the neighbourhood

If You Think You Understand The "Basic" Of Online Marketing, But You Still Aren't Making Money... Then You Don't REALLY Understand Them At All...

Yes, this event is for “newbies” who have never made a single dollar online.

But it is ALSO for those of you who have made some money online but can’t “get over the hump” to making REAL, **consistent monthly income.**

You see, anyone can “get lucky” and make a few commissions here and there... but in order to create true WEALTH, you need to understand the fundamentals about what really works NOW, in today’s market.

Unfortunately, most of what you’ve learned about making money online has been a LIE... and if you’re NOT making \$5,000 to \$10,000 (or more) a **month with your online business**, it’s because you have been following that lie.

Being lied to about the fundamentals of running a successful online business is like having a brand new car with no engine.

It’s not going to run no matter what you do!

This event will wipe the slate clean, and re-train you “from the bottom up” so that you will be able to focus your time on ONLY what has been proven to work over and over again by the best minds in online marketing today.

PLUS... we’ll be throwing in a few advanced “**secret**” **techniques** after we cover the fundamentals during the first day and a half.

This is a “no holds barred” event where there is nothing separating you from the trainers and guest speakers.

You’ll be able to:

- Rub shoulders with **successful marketers** who are “walking the walk” and making SERIOUS money online (just being in the presence of these guys will forever change your outlook on what is possible).
- Personally get your questions answered **1-on-1 from some of the Top Internet Marketers** on the planet.
- Get LIVE, **in-person training**... there’s something about hearing it and “being walked through it” in person that you will NEVER get in a book or on a webinar.
- Network with rising stars who recently went from nothing to making **\$100,000 online in a matter of months**. (These are “average” people who took what they learned and ran with it... if they can do it, you can too!)
- Get 1-on-1 access to industry experts and exclusive panellists in Private Break-Out Sessions.
- Meet other home business entrepreneurs and become part of a community of like-minded people.

Heck, you might even end up sitting next to an **internet millionaire at the bar!** Buy them a couple drinks and who knows... they might just “spill the beans” on something new they’re working or give you a chance to partner with their company.

This Can Change Your Life In A SINGLE Weekend, Like My Events Have For So Many Others....

I'm Interested... But What Is The Home Business Summit?"

The Home Business Summit is an “international event tour” being held in the United States, United Kingdom, Australia, Singapore, Malaysia...with plans to expand to other locations in the near future.

Every single trainer and guest speaker is an “in the trenches” online marketer – they are DOING what they teach, not just selling “how to make money online” products or putting on seminars. They will be sharing **insider secrets** on what is working RIGHT NOW (not 6 months or a year ago) in online marketing.

As you know, the “game” is constantly changing.

And those who are NOT on the cutting-edge, doing this business “day in and day out” will soon go the way of the dinosaur.

Which is why The Home Business Summit is such a **game-changer**.

An Irresistible Offer...

It’s common for 2-day events like this to sell for \$5,000 to \$7,500 or more. Many of the guest speakers have put on events for that price and I’ve paid as much to go to similar events myself.

When you consider the amount of live, in-person training you’ll be **getting, then \$5,000 would be a STEAL.**

Hey even pricing this at \$2,997 – a very fair price that would help cover the expenses incurred when putting on an event including the venue, staff, equipment, speakers’ fees, etc.

But like I said earlier, I want to make this a 100% **NO-RISK offer for you.**

You won't pay \$2,997
or even \$997

The one-time fee for The Home Business Summit for a **2 person ticket** (attend with your business partner / significant other) is only...

\$497

FOR 2 TICKETS

These prices are really NOTHING compared to what this event can do for your financial future.

Think of it this way... if you make just ONE high-ticket sale from what you learn at the event, then you could potentially earn \$1,000 in commissions...

**That \$1,000 In Commissions Will Cover Your
Ticket Price For The Home Business Summit
TEN TIMES OVER!**

Don't worry... We will show you a simple "easy to implement" **secret to start making \$1,000 commissions** like this over and over again and how anyone can do it (even if you've never made a sale online before in your life).

Why You're Really Getting This For FREE...

If you make just 1 sale from what you learn at [The Home Business Summit](#), you'll MORE than cover the cost of your ticket. So in a way, you're not really "paying" for it at all... it's more of an investment in your future.

But unlike traditional investments out there today (stocks, bonds, mutual funds, even real estate)... the potential for return is almost limitless.

There have been students make returns on their investments (from these trainings and events) of over 4000%!

That beats the stock market any day of the week.
